

THE CALL

A BIWEEKLY PUBLICATION OF ROANOKE ELECTRIC COOPERATIVE

VOL. 14- Jan. 27, 2016

Restoration Update

The Blizzard of 2016

Roanoke Electric Cooperative would like to thank you for your patience and understanding, while our line crews worked so bravely to restore power during this record-setting blizzard. The massive snow storm knocked out power late in the evening Jan 22, leaving more than 1,800 member-owners without electricity. Crews worked through the night to have all power restored by the next morning. We sincerely

appreciate all of the kind words of encouragement and support you extended to our team members throughout this challenging weather event. - CEO
Curtis Wynn

REC Solutions

Coming soon: broadband technology

Construction is underway on Roanoke Electric Co-op's \$4 million fiber optic network. And when complete, this cutting-edge technology will pave the way for bringing high-speed internet to the region.
